Job Title:	Gas/Cash Trader
Business Unit:	Energy Management Group
Department:	EMG Gas
Work Location:	Calgary, AB
Full-time/Part-time:	FT
Effective Date:	

Primary Focus:

This position will be responsible for purchasing natural gas in the Alberta Supply Basin. The position also requires analyzing and putting in place various hedging and structured products as required to balance supply. Other tasks require entering deals into the trading system, and checking trades as required by Risk Management Policies.

Accountabilities:

- Trading physical and financial Natural Gas products such as monthly and daily index gas, swaps, options and other derivatives.
- Designing different structured products for the Hedge Book.
- Trade entry into risk management system
- Research and analysis of asset opportunities.
- Optimize the Hedge book through transportation opportunities
- Analysis of Alberta gas market fundamentals.

Skills & Qualifications:

- Undergraduate degree in Business, Engineering, Economics or Statistics.
- Minimum 2-3 years trading electricity in a North American market
- Strong analytical capabilities
- Ability to work with and develop analytical models in support of trading and hedging functions
- Must have strong problem solving and analytical skills
- Excellent verbal and written skills
- Proficient in Excel, Internet and Outlook
