VIA E-MAIL AND COURIER

Alberta Energy and Utilities Board
10th Floor, 10055 – 106 St.
Edmonton, Alberta T5J 2Y2

**Attention: Mike Hagan, P. Eng.
Application Officer**

Dear Mr. Hagan:

**Re: Decision 2003-106: Direct Energy Regulated Services Electric Regulated Rate
Tariff and Gas Default Rate Tariff Application No. 1302109**

Direct Energy Regulated Services (DERS) is in receipt of Decision 2003-106 dated December 18, 2003 from the Alberta Energy and Utilities Board (EUB or Board) respecting the above captioned Application.

Decision 2003-106 contains a directive to DERS to refile its Terms and Conditions of Gas Default Rate Service and Electric Regulated Rate Service with amendments as noted by DERS in final argument and as further directed in section 5 of that Decision.

The attached documents reflect the changes as noted and directed by the Board in Decision 2003-106. For ease of reference, DERS is providing a blacklined version, which notes all changes from the Terms & Conditions contained in DERS' Application of May 20, 2003, and a clean copy of the Terms & Conditions also containing those same changes.

Should you require additional information I can be reached at 403-290-7745.

Yours truly,

Gary Newcombe
