**Attention: Mike Hagan**

Dear Sir:

**Re: Application No. 1302109**  
**Direct Energy Regulated Services**  
**Regulated Rate Tariff Application**  
**Default Rate Tariff Application**

---

Further to my letter of July 18, 2003, enclosed for filing with the Board are 12 copies of the Responses of Direct Energy Regulated Services to the following Information Requests:

1. Replacement pages 15 to 16(a) that incorporate the response to AUMA/CE-DERS (DRT)-11-
2. Schedule-AUMA/CE-DERS(DRT)-11-DRT and Schedule-AUMA/CE-DERS (DRT)-11-RRT;
3. Replacement pages 195 and 196 that incorporate the response to CAL-DERS-118; and
4. Replacement pages 45 to 49(f) that incorporate the response to CCA-DERS-32.

RRT and DRT Schedule 2.1 contained within the Excel spreadsheets presented as Schedule-AUMA/CE-DERS(DRT)-11-RRT and Schedule-AUMA/CE-DERS(RRT)-11-DRT, respectively, show the rates derived using the approach explained in the companion response. As indicated in that response, due to the lack of time, a complete set of supporting schedules could not be generated for filing today but will be filed as expeditiously as possible. Since the full extent of the changes pertaining to the 5-month and 12-month test periods are shown in the response and the attached Schedules, Direct Energy RS believes that the date on which the complete set of supporting schedules are filed should not further influence any potential change to the date for the filing of Intervener Evidence.

In all other respects, all responses have been completed.

Yours truly,

BURNET, DUCKWORTH & PALMER LLP
