Dear Mr. Hagan:

Re: Direct Energy Regulated Services Regulated Rate Tariff Transition Rate for May 2008

Direct Energy Regulated Services (DERS) is filing with the Alberta Utilities Commission (Commission or AUC) Regulated Rate Tariff (RRT) transition rates for May 2008 for the service territory of ATCO Electric Ltd.

The derivations of these rates are detailed on the attached supporting schedules. DERS has also attached a letter from the advisor stating that he has reviewed the rates and confirms that they are calculated in accordance with DERS' EPSP. DERS has also attached signed copies of the Certification of Compliance from the consultation party representatives and DERS for the April 2008 time period and will file the certification of compliance from the independent advisor once received.

DERS has included the 2008 pretax Return Margin of \$2.48/MWh in the May 2008 RRT Energy charge calculation in accordance with the Board letter dated December 19, 2007. The RRT Margin was approved in Decision 2006-107 with respect to DERS' 2006 Regulated Rate Tariff Application No. 1455025.

Attached for the Commission's acknowledgement is DERS' Rider "P" Energy Charge Schedule applicable to Rates E1 through E7 for May 2008. The RRT Rate Schedule including Rider "P" was filed as Attachment #9 as part of the 2006-2011 EPSP Application. The RRT Rate Schedules were approved in Decision 2007-103 with respect to DERS' 2007/08 Default Rate Tariffs and Regulated Rate Tariffs Non-Energy Application. The energy charges contained in the attached Rider "P" were determined in accordance with Schedule E of the Energy Price Setting Plan contained within the Settlement Agreement approved in EUB Order 2006-108. For the Commission's information, DERS has also attached the Rider "P (REA)" Energy Charge Schedule applicable to REA farm and irrigation service.
